安裝方法/
Installation method

This diagram shows an exploded view of a mechanical assembly. It features two main rectangular components, one positioned above the other. Several fasteners, represented by circles with crosses, are shown in their relative positions. Label 'A' is used to identify specific fasteners or alignment points on both the top and bottom components. Label 'B' identifies a larger rectangular block or support structure. A circled number '2' is located on the left side of the top component. Dashed lines indicate the alignment and assembly path for the various parts.

(B) *6

This diagram shows an exploded perspective view of a three-layered structure. The top layer is a large rectangular plate labeled '1'. Below it are two intermediate layers and a bottom base. Various components are labeled with 'A' and 'B'. 'A' labels point to vertical pins or fasteners that connect the layers. 'B' labels point to horizontal slots or grooves on the surfaces of the layers. The diagram illustrates how these components fit together to form a cohesive assembly.
